

Yoko Ono, *Snow Piece*

Think that snow is falling.

Think that snow is falling everywhere
all the time.

When you talk with a person, think
that snow is falling between you and
on the person.

Stop conversing when you think the
other person is covered by snow.

ChatGPT, *Forecast Gesture*

1. Open the umbrella, regardless of the current weather.
2. Stand still for a few seconds, looking up into the sky as if observing something invisible.
3. After a moment, close the umbrella and walk away, leaving it behind.

Consider the unpredictability and transience of weather, and how we often prepare for the
unexpected.
